WELCOME!

Dear Angus Friends,

Welcome to the 2022 Sauk Valley Angus Bull Sale and thank you for your continued confidence in our breeding program. As we prepare for this, our 39th Angus sale at the Valley, we feel fortunate to be part of the beef industry and often count the many blessings which have been a result of our involvement in the Angus breed. Production agriculture and the Angus business are our passion and our livelihood, and we cherish the opportunity to share these time tested genetics with you, our valued customers. The balanced trait bulls offered in this sale have been bred with a focus on economically important traits. Decades of strict adherence to basic breeding principles has produced a set of bulls that will keep SVA customers "in the black" and at the forefront of the beef industry for years to come.

The SVA NWSS Pen Bulls had a lot of fans in Denver. They will highlight the offering and go on to sire herd transforming cattle at their new homes. SVA Lincoln 1026 and SVA Yard Bar 1011 will anchor a solid set of bulls this year. These bulls are as powerful as any set of bulls that have ever been raised at the Valley. Our big, stout fall bulls will be ready for heavy service, and the yearling bulls bring a lot of performance to the table. The 2022 sale bulls have been developed on a high roughage, silage based ration which will allow them to mature into functional young sires that will excel in athleticism, fertility, soundness, and longevity. You can buy with confidence, as these bulls come 100% guaranteed. We offer free delivery on all bulls, or take them home with you on sale day to receive a \$50 per head discount.

This year's sale will also feature a set of powerful young SVA females as well as two solid young females from the Pyszka family. We stand behind our cattle. Proof of our success is in our customers and we are very grateful for all the conversations, friendships, and alliances that we have enjoyed over all these years. Thank you for your business, your friendship, and your continued trust in our program.

We would like to thank contributing herds: Hackett Farms, Pyszka & Sons Cattle, and Evers Farms, as their continued support and participation is greatly appreciated. Please mark your calendar for March 26th and join us early to view the cattle and have lunch. If there is anything that we can do to assist you in any way, please don't hesitate to give us a call.

RESULTS YOU CAN MEASURE – PEOPLE YOU CAN TRUST.

Thanks Again,
Ben Sandrock

On behalf of the American Angus Hall of Fame, it is certainly a pleasure to be working with Ben Sandrock along with the Sauk Valley family and crew on this outstanding set of Angus genetics. In this year's sale you will find one of the stoutest and most impressive sets of young herd sire prospects ever offered in Sauk Valley Angus history.

Sauk Valley had an opportunity to exhibit an outstanding set of bulls at the 2022 National Western Stock Show in Denver. These bulls are represented throughout the catalog and you, the buyer, have the opportunity to select these bulls along with their contemporary groups from this outstanding offering.

As you flip through the sale catalog, you will find an impressive set of service-age bulls backed by breed-leading AI sires and the most prominent cow families with outstanding EPDs across the board. As you continue through the catalog you will see that these bulls rank in the top percentiles among non-parent bulls across the country.

This is without question one of the deepest sets of Angus genetics that you will find in Sauk Valley history. Please plan to be with us on March 26, 2022 for this great event. If you have any questions, please feel free to contact the American Angus Hall of Fame at (816) 532-0811.

Sincerely,

Tom Burke, Kurt Schaff, and Carter Ward

• A maternal brother sold to David Erickson for \$4500

We start the sale with three sons of one of the best bulls we have ever raised and last years Lot 1, SVA REAGAN 8304. All of his calves have been exceptional and this years lot 1 is a perfect depiction of that. Impeccable phenotype, balanced EPD's and a pedigree that will make you a profit in the long run. Check out this one's picture up above or come see him in person and you sure will be impressed.

Another highlight of the sale resides here in lot 2 and another incredible son of SVA Reagan 8304. This bull stems back to an incredible cow family including his granddam SVA Karama 9019 who is a featured Pathfinder in our herd. Study this one's numbers here as he ranks in the top 10% for \$F, Top 20% for \$C, \$B, CW, and Yearling weight and in the top 25% of the breed for 10 different EPD's.

Combining a lot of great things in this one's pedigree. Sired by Stellar who is producing some of the countries best bulls and numerous sale toppers but even better yet, this guy goes back to the great PVF Missie cow family, including his third generation dam, PVF Missie 790, the mother of PVF insight 0129, the featured GENEX, Pathfinder sire who also lead the breed for registrations. Great pedigree, phenotype and very balanced in terms of his EPD's.
